

PancOne™ Golf Tournament

Sponsorship Opportunities

**PANCREATIC
CANCER CANADA**

Pancreatic Cancer Canada

We aren't looking for sympathy. We're looking for results. That means raising survival rates by funding research, as well as increasing awareness, education and patient support. We've invested nearly \$4 million across Canada. Which means we're on the cusp of a breakthrough in early detection, treatment and improving patient outcomes.

Pancreatic cancer is one of Canada's deadliest diseases. Such a terrible diagnosis leaves patients and healthcare providers in a race against time to halt the disease and prolong the patient's life.

Over the last 40 years, pancreatic cancer has not kept up with progress made to fight other cancers. We are trying to understand the causes of this disease, discover ways to detect it earlier, treat it better, and ultimately find a cure.

Leading the Fight in Canada

We envision a day when pancreatic cancer patients no longer need to count special moments and instead continue to collect them – as survivors. We ‘envision’ this day because it is still the goal, not the reality.

Pancreatic Cancer Canada was created because this disease that has been drastically outpaced by advancements in other cancers. It’s a disease that deserves focus: dedicated research, specialized support, and the kind of advocacy and awareness that makes Canadians take notice. To do this, pancreatic cancer needed a national community of determined champions, focused solely on those whose lives are threatened by one of the fastest rising cancer killers in North America.

Pancreatic Cancer Canada is a rallying point: a hub for cutting edge research, a beacon for information and support, driven to invest in the most promising and innovative strategies to fight this disease.

PancOne™ Golf Tournament

The 3rd annual PancOne™ Golf Tournament will take place on Tuesday, September 29, 2020 at DiamondBack Golf Course.

Although this year's tournament will be a bit different than year's past, we are excited to have you join us for a safe day on the greens. Funds raised through this tournament will support ground-breaking pancreatic cancer research, including the recently announced [NeoPancONE](#) clinical trial which aims to be a curative strategy for locally advanced pancreatic cancer. Researchers hope this trial will help to better understand how a patient will respond to treatment, how aggressive the cancer is, and ultimately help save more lives.

Sponsorship Opportunities

Leading Sponsors - \$8,000 (Sold)

Breakfast Sponsor- \$6,000

Lunch Sponsor- \$6,000

Golf Cart Sponsor- \$5,000

Hole in One Sponsor- \$5,000
